LIST OF STOCK FOR

LANDSCAPE AND PARK PLANTING

FROM

Riverview Nursery and Seed Co.

Rt. 2. McMINTNVILLE, TENN.

SPRING OF 1919.

This list is intended for parties wanting stock for immediate planting or sale. For smaller stock, lining out stock, or lighter grade stock, send list of wants for prices.

Our nurseries comprise about 100 acres of 2, 3 and 4 year old stock, most of which is as fine as can be grown, especially Privetts, Amoor River North, California and Iobota, of which we have large and fine stocks. Also Vulgaris, Polish, Ciliatum and Amoor River South, of which we have a limited quantity of each. Larger Privetts and Spirea Van Houttei, 2 and 3 years, cut back each spring, fine and well branched; larger size 10 to 25 branches. Customers should order in car lots where possible; saves expense of boxing and will carry faster and better.

Nurserymen and landscape gardeners invited to visit our nurseries and inspect stock.

Boxes and baling charged at cost. No charge for packing cars. Some varieties are limited, while of others we have very large lots.

Terms, cash with order from unknown parties or parties not commercially rated. Old customers usual terms.
